

How to Use the NSW Irrigators' Council – Growing NSW: Irrigated Food & Fibre Calendar

1. Welcome to our new Growing NSW: Irrigated Food and Fibre Calendar

Step 1: Click the link below to open the calendar.

[Click here to view the Growing NSW: Irrigated Food & Fibre Calendar](#)

Step 2: Take a moment to familiarise yourself with the calendar screen. Look for the calendar entries and the drop-down menus used to filter the information.

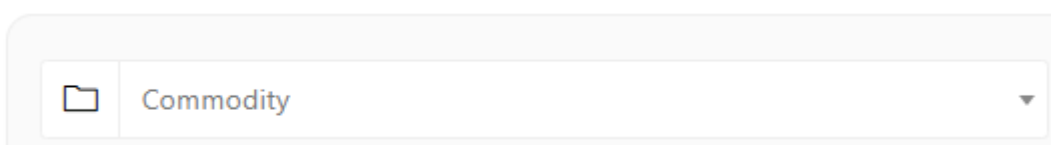

Note: The appearance of the calendar may vary depending on your device or screen size.

2. How to use the calendar

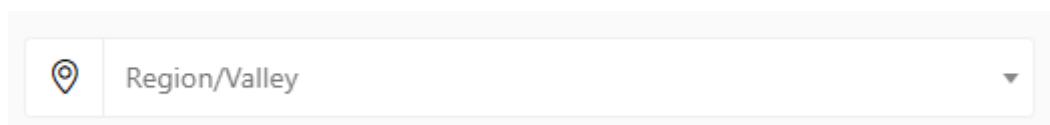

The calendar allows you to view and filter calendar entries so you can find information relevant to your interests.

A **drop-down menu** is a menu that opens when you click on it. It displays a list of options for you to choose from.

In this calendar, the two main filters are:

- **Commodity:** Use this to search by agricultural industry or product.
- **Region/Valley:** Use this to search by geographical area.

3. How to Search by Commodity

Use this option when you want to find calendar entries relating to a particular agricultural industry or product, such as cotton, rice or citrus.

Follow these steps:

1. Find the **Commodity** drop-down menu on the calendar.
2. Click on the menu to open the list of available commodities.
3. Scroll through the list using your mouse or trackpad.
4. Click on the commodity you are interested in.
5. Allow the calendar to update.
6. Review the calendar entries displayed for your selection.

Available commodity options:

- Pecan
- Cotton
- Corn/Silage
- Cereal/Hay/Grain
- Lucerne
- Tea Tree
- Grapes/Vines
- Orange
- Citrus
- Rice
- Sugarcane
- Grazing/Dairy
- Statewide Events
- Other
- Almond/Nut

Example: If you are interested in cotton production, open the Commodity menu and select *Cotton*. The calendar will display the entries associated with that selection.

4. How to Search by Region or Valley

Use this option when you want to find calendar entries associated with a particular irrigation region or valley in NSW.

Follow these steps:

1. Find the **Region/Valley** drop-down menu.
2. Click on the menu to display the available regions.
3. Scroll through the list.
4. Click on the region or valley you want to explore.
5. Allow the calendar to update.
6. Review the calendar entries displayed for your selection.

Available region/valley options:

- Coastal – Bega Valley
- Coastal – Hunter Valley
- Coastal – Richmond/Wilsons
- Lachlan Valley
- Northern – Barwon Darling
- Northern – Border Rivers
- Northern – Gwydir Valley

- Northern – Namoi Valley
- Northern/Central West – Macquarie Valley
- Southern Valleys – Murray
- Southern Valleys – Murrumbidgee
- Southern Valleys – Riverina/Murrumbidgee
- State-wide

Example: If you want to explore activities in the Murray region, open the Region/Valley menu and select *Southern Valleys – Murray*. The calendar will display entries associated with that selection.

5. How to Find a Specific Type of Event in a Region

You may want to explore a particular commodity within a specific region. For example, you might want to find calendar entries relating to rice in the Riverina/Murrumbidgee area.

To do this:

1. Select *Rice* from the Commodity menu.
2. Select *Southern Valleys – Riverina/Murrumbidgee* from the Region/Valley menu.
3. Allow the calendar to update.
4. Review the entries that match your selections.

If no entries appear, there may be no matching events currently displayed for those filters.

Note: The ability to apply both filters simultaneously depends on how the calendar has been configured.

6. How to Return to Other Calendar Entries

If you want to explore another commodity or region:

1. Click the relevant drop-down menu again.
2. Select a different option.
3. Allow the calendar to refresh.
4. Review the updated entries.

If you want to see a broader range of calendar entries, look for an option to clear or reset the filters, or return the menus to their default selections if available.

7. Troubleshooting

The drop-down menu will not open.

Try clicking directly on the menu or its arrow. If it still does not open, refresh the webpage and try again.

I cannot find the commodity or region I am looking for.

Scroll through the entire list. The options may not be displayed in alphabetical order.

No calendar entries appear after I select an option.

Try changing your selection or clearing any other active filters. There may not be any entries matching your current search.

The calendar does not seem to update.

Wait a few seconds. If the calendar remains unchanged, refresh the webpage and repeat your search.

8. Need More Information?

For further information about the NSW Irrigators' Council, email nswic@nswic.org.au

Remember: Open the calendar, choose a filter, select the option you are interested in, and review the results. You can change your selection at any time to explore other commodities and regions. **<ENDS>**
